

# THE CENTER FOR INNOVATION

## *Visitor Guide*

### **WELCOME TO "THE LIGHTHOUSE"**

▶ The Lockheed Martin Center for Innovation, also known as "The Lighthouse", is located in Suffolk, Virginia. The facility takes its nickname from the working lighthouse housed in its atrium, from the fertile maritime history of the Hampton Roads area and from the inherent function of lighthouses in guiding navigators to safety.

▶ It is the Lighthouse mission to connect Lockheed Martin expertise with operationally focused customers. Leveraging its proximity, the Center for Innovation develops and demonstrates relevant and affordable solutions to key customers with a focus on Concepts of Operations.

▶ The Center for Innovation is Lockheed Martin's hub for cross-domain integration, experimentation, decision analysis, and modeling & simulation, in real and synthetic environments. The facility and its staff are trusted partners in formulating solutions with multiple partners in experiments, analysis, demonstrations, and workshops. In partnership with Lockheed Martin, every customer gains value from the Lighthouse.

# GENERAL INFORMATION

## VISITOR GUIDELINES

The Center for Innovation is open for business 7am-5pm on Monday through Friday. An extended schedule is available upon request.

Those wishing to hold an event at the Center are required to submit an event request form (ERF) to the Lighthouse calendar for approval prior to arrival. Lockheed Martin employees wishing to request an event can access the calendar from the internal Lighthouse website at [lighthouse.corp.lmco.com/Calendar.html](http://lighthouse.corp.lmco.com/Calendar.html).

Non-Lockheed Martin guests must provide clearance information to the Center's Security Office prior to arrival.

Visitors must enter and exit the building through the lobby doors. All visitors are required to check in at the Reception Desk in the lobby and to clearly display the visitor badge issued to them. At the end of the event, visitors must return all badges to the Reception Desk and sign out. Visitors issued "Escort Required" badges must stay with their Lockheed Martin escort at all times.

## Foreign National Visitors:

Guests to the Lighthouse who are not United States' citizens are required to submit a Foreign Visit Request (FVR) form to the Security office (757-935-9437). Unless said form is expressly approved, foreign visitors cannot enter the facility. Please allow a minimum of three business days for process completion.

## Classified Visits:

Visitors planning to participate in classified meetings must contact the Center's Security office and provide evidence of their cleared status. Failure to provide this documentation prior to arrival will prohibit guest access to classified materials.

## Parking:

Parking at the Center is on a first come, first served basis with the exception of several reserved parking spaces, which must be pre-arranged with the Center's Protocol office (757-935-9209). Reserved parking areas are provided to guests of General and Flag Officer/SES level. Additional parking is available at the rear of the facility.

## ADMINISTRATIVE NOTES

Please keep in mind that although the unique aspects of the Center encourage a collaborative environment, this facility is a working lab. We appreciate your understanding in respecting each staff members' work areas, especially in the atrium.

Lockheed Martin Corporation prohibits smoking and the use of tobacco products at work locations both inside and outside of company buildings. The restriction includes parking areas and vehicles.

## TELEPHONE INFORMATION

For your convenience, a telephone listing of the Center's personnel is available at the Reception Desk in the lobby.

Public telephones are available at visitor seating areas in the lobby, the atrium and at tables located on the second floor of the atrium, also known as the Chesapeake Light.

To place an outgoing call, press 8 + the number for local calls and 8 + 1 + the number for long distance calls.

## NETWORK CONNECTIVITY

Internet and Lockheed Martin intranet access is available at the tables on the second floor of the Chesapeake Light in the atrium.

Visitors wishing to use the network should be prepared to provide their own laptops and accompanying equipment.

# GETTING HERE

## MAILING ADDRESSES

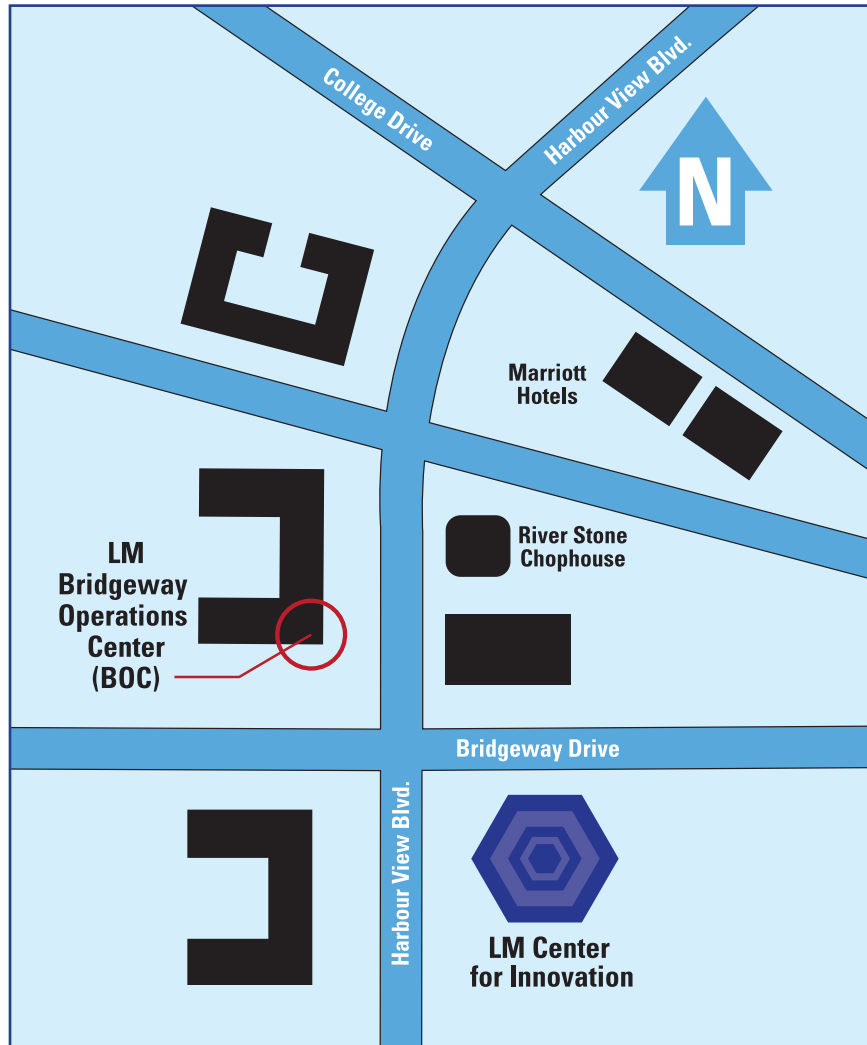

### Center for Innovation

8000 Harbour View Boulevard  
Suffolk, VA 23435  
757-935-9242

### Bridgeway Operations Center

7021 Harbour View Boulevard, Suite 105  
Suffolk, VA 23435  
757-935-9512

## CAMPUS MAP

## HAMPTON ROADS DRIVING DIRECTIONS

**Two options:** across town on I-264 West (but a drawbridge and a tunnel), or around the south side of town on I-64 (no tunnels though a high-rise bridge). In either case, exit the airport on Norview Ave. [www.norfolkairport.com](http://www.norfolkairport.com) Follow signs to I-64 East (toward Virginia Beach, but do not exit on I-264 East toward Virginia Beach).

**Option 1 (generally preferred):** Stay on I-64 around the south side, even as it turns toward the west. Merge onto I-664 North. Take exit 8A, College Drive. (Note: Exit 8B will take you in the wrong direction, but toward an Applebee's or a Ruby Tuesday.) Cross over I-664, past the Marriott hotels, and take the first left onto Harbour View Blvd. The Center for Innovation is the third building on your left, just past a 3-story office building. The Bridgeway Operations Center is on your right across Harbor View from the same 3-story office building.

**Option 2 (four miles shorter, but much more risk for traffic back-ups):** From I-64 East take I-264 West toward Norfolk. Go past Norfolk, over the Berkley Bridge, through the Downtown tunnel, and past Portsmouth. Stay on I-264 West to the end where it merges with I-664 North. Look for Exit 8A as explained above in Option 1. Note: AM 610 on the radio provides traffic advisories.

### From Washington D.C. Area:

Take I-95 South. Near Richmond, join with I-295 South at Exit 84A. Continue on I-295 South for 13 miles to Exit 28A (I-64 East/Norfolk/Virginia Beach). Continue on I-64 East for 63 miles. Bear right at Exit 264 to I-664 South and through the Monitor Merrimac Memorial Bridge Tunnel. Take Exit 8A, College Drive; the first exit across the water. Take the first left, onto Harbour View Blvd. The Center is the third building on your left, just past a 3-story office building. The Bridgeway Operations Center (BOC) is on your right, across Harbour View from the 3-story building.

### From Williamsburg or Newport News Airport:

Join with I-64 East toward Norfolk/Virginia Beach. Bear right at Exit 264 to I-664 South, and through the Monitor Merrimac Memorial Bridge Tunnel. Take Exit 8A, College Drive; the first exit after leaving the bridge tunnel. Take the first left, onto Harbour View Blvd. The Center is the third building on your left, just past a 3-story office building. The Bridgeway Operations Center (BOC) is on your right, across Harbour View from the 3-story building.

### From Portsmouth Area:

Join with I-264 West. Merge onto I-664 North. Take Exit 8A, College Drive. Take first left onto Harbour View Blvd. The Center is on your left; the Bridgeway Operations Center is on your right.

### Midtown Tunnel Option From Downtown Norfolk:

Join with Brambleton Ave (US-58/VA-337). Bear right on ramp to US-58 West/Midtown Tunnel Expressway. Proceed through the Midtown Tunnel and take VA-164 West to I-664 North. Take Exit 8A, College Drive. Take first left onto Harbour View Blvd. The Center is on your left; the Bridgeway Operations Center is on your right.

# AREA HOTEL ACCOMMODATIONS

## **TownePlace Suites**
